There is no **Key** Description part included in the Content SC(s) 630 since the keys
required to decrypt the encrypted parts are in the **License** SC(s) 660 that **...**

License-based cryptographic technique, particularly suited for use in a ...
US Pat. 6898706 - Filed May 20, 1999 - Microsoft Corporation

This enforcer contains encrypted store (ES) 610, **license** verifier 620, decrypter
630, **key manager** 640, unencrypted buffer 650 and watermark detector **...**

Secure online music distribution system
US Pat. 6868403 - Filed Mar 9, 2000 - Microsoft Corporation

Additional security for the private **key** of the content **manager** 112 may be **...**
that may be collected includes a driver's **license** number, and the like. **...**

Method and system for uniform resource locator status tracking
US Pat. 6636983 - Filed May 9, 2000

In the disclosed embodiment, a public **key**-private **key** system is used wherein **...**
If no valid **license** exists for device 630, then operations center 12 **...**

Enforcement architecture and method for digital rights management system for ...
US Pat. 7203966 - Filed Jun 27, 2001 - Microsoft Corporation

These methods are employed to enable a **license** 16 for use in decrypting content.
60 Boolean Validate (BSTR **key**) This method is used to validate a **license** 16 **...**

Passive and active software objects containing bore resistant watermarking
US Pat. 6801999 - Filed May 20, 1999 - Microsoft Corporation

This enforcer contains encrypted store (ES) 610, **license** verifier 620, decrypter
630, **key manager** 640, unencrypted buffer 650 and watermark detector **...**

Multi-tier digital TV programming for content distribution
US Pat. 6834110 - Filed Dec 10, 1999 - International Business Machines Corporation

YL part name [digest] Specifies the Template part for the **License** SC(s) 660. **...**
The digital signature is specified as follows: S **key** identifier signature **...**

Method and apparatus for an information server
US Pat. 6721747 - Filed Jan 12, 2001 - Saba Software, Inc.

... version of the software or to automatically purchase a **license** extension via
a Licensor component. **...** is a **key** component of the Interconnect Backbone. **...**

Method for determining internet users geographic region
US Pat. 6859791 - Filed Nov 13, 2000 - International Business Machines Corporation

YL part name [digest] Specifies the Template part for the **License** SC(s) 660. **...**
The digital signature is specified as follows: S **key** identifier signature **...**

Pre-licensing of rights management protected content
US Pat. 7210165 - Filed Oct 29, 2003 - Microsoft Corporation

This request 201 Once the RMS server 215 verifies the authenticity of the may
include such things as a rights expression, a content **key** publishing **license** **...**

Super-distribution of protected digital content
US Pat. 6983371 - Filed Nov 13, 2000 - International Business Machines Corporation

The digital signature is specified as follows: S **key** identifier signature **....**

The revocation list may be included as one of the parts in a **License** SC(s) **...**

Digital content preparation system

US Pat. 6959288 - Filed Feb 1, 1999 - International Business Machines Corporation

YL part name [digest] Specifies the Template part for the **License** SC(s) 660. **...**

The digital signature is specified as follows: S **key** identifier signature **...**

Method and apparatus for managing data exchange among systems in a network

US Pat. 6643652 - Filed Jan 12, 2001 - Saba Software, Inc.

T, TT^ r. ,, **Key** to the design of the Interconnect is the notion of **...**

Persistent Message **Manager**. The Delivery Service writes recipient s **...**

Transparent digital rights management for extendible content viewers

US Pat. 7171558 - Filed Sep 22, 2000 - International Business Machines Corporation

This authorization (sometimes referred to as the **license** to use the content) is

personalized for a specific client machine by 50 using the public **key** of **...**

Data management system

US Pat. 6744894 - Filed Oct 2, 1998 - Mitsubishi Corporation

35 [Embodiment 3] In case of distributed object system represented by **license**

network system, the use of network computer to perform only input/output of **...**

License transmitting and distributing system under offline environment and ...

US Pat. 7191155 - Filed Apr 23, 2002 - Fujitsu Limited

6, an offline **license** is composed of the following parts that are prescribed as

follows. Part 1: Session **key** encrypted by individual public **key** of LA of **...**

Rights management inter-entity message policies and enforcement

1 108), for example, the **license** administrator GUI, communicates with the **...**
with the new **license** from the management application; and generate a new **key ...**

System and method for especially graphically monitoring and/or remote ...
US Pat. 6803854 - Filed Nov 20, 2001 - Siemens Aktiengesellschaft

... directly after this by double-clicking or pushing a **key**. **...** for him to find
an official vehicle **license** number and to select this than a controller ID. **...**

Information processing device, method, and program
US Pat. 7325139 - Filed Apr 10, 2003 - Sony Corporation

The signature 608 is a digital signature created by, for example, a **key** management
center (**license** server 4), a content provider (content server 3), **...**

Secure media path methods, systems, and architectures
US Pat. 7296154 - Filed Jun 24, 2002 - Microsoft Corporation

The **license** typically circumscribes the content's use by describing such things
as who **...** A **key manager** 424 is also provided and can be authenticated by **...**

Method and system for delivering encrypted content with associated ...
US Pat. 7188085 - Filed Jul 20, 2001 - International Business Machines Corporation

C. **Key** Description Part 60 The **Key** Description part is created by the packer to
... The 65 **Key** Description part is a text file that contains records of **...**

Device capability based discovery, packaging and provisioning of content for ...
US Pat. 7233790 - Filed Jun 19, 2003 - Openwave Systems, Inc.

30 The pricing **manager** 53 allows administrators to add, modify and delete **license**
for products in the store. The pricing **manager** 53 also includes and **...**

Transaction payment system
US Pat. 6876986 - Filed Oct 30, 2000 - Hewlett-Packard Development Company, L.P.

In addition, the invention provides The medium **handler** accepts, **...** or other
sources. account **manager** for transferring a royalty amount from the 60 FIG. **...**

System for safe collection of payment including electronic payment receipt ...
US Pat. 6609114 - Filed Oct 22, 1997 - M-System Flash Disk Pioneers Ltd.

4 is embedded in silicon as externally immutable protocol in public-**key ...**
Preferably, the cash flow **manager** 100 also sends instructions regarding how to **...**

License-based cryptographic technique particularly suited for use in a ...
US Pat. 7222232 - Filed Oct 20, 2004 - Microsoft Corporation

This **license**, which is signed by the publisher, specifies, **...** This **key**, as

previously noted, is a symmetric encryption **key**, ie, the same **key** **...**

Apparatus and method to support management of uniform resource locators and ...

US Pat. 6725214 - Filed Jan 16, 2001 - DOTNSF

A **key** characteristic of the invention is the DNS implementation that uses standard

... ie sites that could **license**/agree with us the hosting of a replica **...**

USB storage device and program

US Pat. 7111121 - Filed May 28, 2003 - Hagiwara Sys-Com Co., Ltd.

The specific ID may be used as a **license key** the controller 21 and the MPU 73

are separately configured to prevent unauthorized starting of a content by **...**

System and method for computer system duplication

US Pat. 6633977 - Filed Mar 31, 2000 - International Business Machines Corporation

Next, ADSM (IBM's ADSTAR Distributed Storage **Manager**) is checked for any **...**

After the monitor timeout has been 65 disabled (step 1080), the **license** file **...**

Systems and methods for providing secure server **key** operations

US Pat. 7174021 - Filed Jun 28, 2002 - Microsoft Corporation

On being invoked to produce a **license** 1318 for the 50 content, the content **key**

is re-encrypted to the supplied user persona **key** to tie the content to the **...**

System and method for collecting and restoring user environment data using ...

US Pat. 6944790 - Filed Apr 5, 2001 - International Business Machines Corporation

Next, ADSM (IBM's ADSTAR Distributed Storage **Manager**) is checked for any **...**

After the monitor timeout has been disabled (step 880), the **license** file data **...**

Apparatus and methods for intellectual property database navigation

US Pat. 7092953 - Filed Dec 28, 2001 - Rightsline, Inc.

Certificates, digital signatures, public/private **key** infrastructure (PKI) and

... The **license** agreement, rejection, or counteroffer is messaged to the buyer **...**

Online value bearing item printing

US Pat. 7149726 - Filed Jun 1, 2000 - Stamps.com

25 CMLS Service forwards **license** applications and it processes responses from CMLS.

... 50 The module returns a package and the meter's public **key**, **...**

System and method for an application provider framework

US Pat. 6904449 - Filed Jan 14, 2000 - Accenture LLP

... must have a foreign **key** identifying the customer's organizational entity. **...**

a separate **license** of the country or region specific release software. **...**

System and method for the management of distributed personalized information

US Pat. 7209922 - Filed Dec 9, 2005

... and acknowledge a disclaimer similar to an end user **license** agreement. **...**

or programmatically invocable service or a shortcut-**key** service, eg ALT-K; **...**

Method and system for device status tracking

US Pat. 6658586 - Filed May 9, 2000

In the disclosed embodiment, payload portion 642 is encrypted 30 using a public **key**-private **key** encryption algorithm. Specifically, a public **key** associated **...**

Method and system for securing local database file of local content stored ...

US Pat. 7228437 - Filed Jun 19, 2001 - International Business Machines Corporation

Many times users circumvent this limited time **license** by re-download the identical electronic content. So for example, a given song is licensed on a **...**
